- 541511, 541512, 541519, 541611

Case Studies

- Federal Health Architect Project: AMDEX developed the CONNECT Gateway, which provides an immediate public benefit – better healthcare through the timely and secure exchange of patient health records. AMDEX migrated CONNECT to the AWS Cloud and develops it using Agile/DevOps technologies methods. FEDHealthIT awarded CONNECT its prestigious Innovations Award in June 2017 for helping to fight the Opioid Crisis.
- Census Bureau Project: AMDEX helps the Census Decennial Program Management Office manage 35 programs and >100 projects daily by providing acquisition, communications, IT project, quality, and resource management support. AMDEX has also developed reporting and visualization tools to improve transparency and awareness.
- Centers for Disease Control and Prevention Project: AMDEX provides capital planning, investment control, governance, and compliance support. We also help more than 40 system owners acquire and maintain Authority to Operate (ATO) and troubleshoot their cyber security issues.
